## 4 Pick a theme

The GeorgiaGov Interactive team, in cooperation with the Governor's office, the Georgia Department of Economic Development, and our vendors have developed a series of website themes for you to choose from. These prebuilt themes meet the [state guidelines for color and design](#) <sup>[1]</sup>, while allowing enough flexibility for your site to have its own personality.

We offer Patriotic, Friendly, Official, Environmental, GeorgiaGov, and Classic themes. For more about our platform themes and design process, read the [Choosing the Right Theme](#) <sup>[2]</sup> web guide and visit our [demo site](#) <sup>[3]</sup>.
